

STRENGTHEN YOUR PHYSICAL SECURITY

...with Active-Infrared Technology

SEE THE THREAT

- Detects and identifies with precise and strategic "invisible illumination"
- Optimizes night-time performance of video motion and intrusion detection systems
- Outperforms conventional "low lux" cameras
- Enables effective night-time performance of existing CCTV surveillance systems
- Complements thermal imaging systems

PERIMETER SURVEILLANCE

NUMBER PLATE CAPTURE

FACIAL RECOGNITION

ACTIVE IMAGING SOLUTIONS

EXTREME CCTV CRITICAL INFRASTRUCTURE SOLUTIONS

GVS1000 Long-Range Night Vision

- 1km (+3300ft) Night Vision with full pan-tilt-zoom capability
- Integrates with radar and intrusion detection systems through serial connection
- Turnkey system for high-resolution recognition and identification

REG DHC-Imaging™ Number Plate Reader

- Advanced optics for effective number plate capture and digital video recording
- Powerful LED infrared illumination for 24/7 performance up to 25m (82ft)
- Get the plate under virtually all conditions. Identify vehicles that enter and exit the premises.

Moondance™ Ruggedized PTZ Performance

- Ideal for caustic, corrosive & hostile environments
- Continuous 360° pan with 216x total zoom
- Compatible with Pelco P & D protocols

ZX55 Perimeter Surveillance

- Up to 60m (200ft) night vision for perimeter and sensitive area security
- Dual sensors for colour by day and monochrome by night
- Supercharged performance requiring maximum 50 watts
