combination of
style and technology**

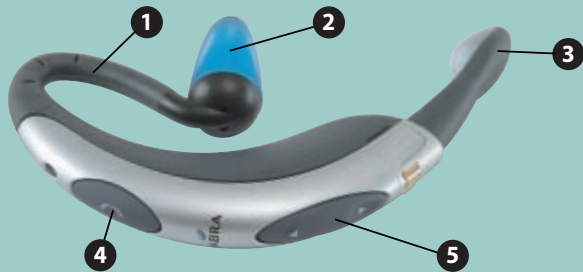

**JABRA BT200 - Cordless communication,
crafted to the contours of your ear.**

JABRA®

Bluetooth Mobile Headset

FOR ALL BLUETOOTH MOBILE PHONES

1 Design

Contoured and flexible design fits either ear comfortably. The sound-absorbing elastomer material reduces distortion for crisp sound quality.

2 JABRA MiniGel™

Ergonomic JABRA MiniGel™ pivots for use in either ear and channels sound into the ear canal for superior clarity and reception.

3 Microphone

Uni-directional microphone emphasises your voice and reduces background noise.

4 Multifunctional button

To answer/end calls and support voice-activated dialling.

5 Volume Control

Volume control provides easy, one-touch access.

JABRA BT200 specifications:

- Compatible with all Bluetooth mobile phones (BT version 1.1)
- The lithium polymer battery provides up to 3 hours of talk time and up to 96 hours of stand-by time.
- Weight 23 grams
- Functions up to a range of 10 metres
- 3 one-size-fits-all JABRA MiniGels™
- Comes with a JABRA BT200 charger and holder with belt clip (110/240v)
- Also available for non Bluetooth mobile phones

The JABRA BT200 – Revolutionary technology...

The latest Bluetooth technology in the JABRA BT200 sets you free from wired connection to your mobile phone and still lets you use all its voice activated functions.

... revolutionary design

It is the distinctive, naturally contoured design of the JABRA BT200 that distinguishes it from other cordless headsets. It looks radical, but because its design is inspired by the shape of the human ear, it is practical, comfortable to wear and easy to put on.

Convenient – The JABRA BT200 gives you the freedom to use your mobile from up to 10 metres away - without wires, without hassle - even if your phone is in a pocket, briefcase, or another room. And the JABRA BT200 is compatible with all Bluetooth mobile phones.

Comfortable – Weighing only 23 grams, the design of the JABRA BT200 fits comfortably and securely behind the ear, the soft, one-size-fits-all JABRA MiniGel™ channelling sound into the ear canal for perfect clarity.

Smart – The JABRA BT200 is perfect combination of form and function. Its discreet, ergonomic design contains the latest technology to give crystal clear sound quality whilst being simple to use and supporting all the voice activated functions you enjoy in your Bluetooth mobile phone.

Natural – The comfort, convenience and sound quality of the JABRA BT200 makes calls on your mobile feel as natural as face to face conversations.
